

DIGITAL GROWTH PROPOSAL

FITNESS **POD** IOM

PREPARED BY KYLE · ISLE OF MAN

Everything below has been custom built specifically for FitnessPod IOM. This is not an off-the-shelf product — it is built around your business, your brand and your customers.

PRODUCT	WHAT'S INCLUDED	VALUE
Custom Website	Fully branded, mobile-first. Booking page, pods showcase, Pod Points, gift cards, FAQ and contact	£3,000
Mobile App	iPhone and Android. Live pod availability, one-tap payments, automated door codes via SMS, push notifications, PT marketplace	£5,000
Pod Points System	Custom loyalty currency. Credit bundles, gift cards, daytime and evening rates, 7-day booking limit	£1,500
Payment & Door Code Integration	Full payment processor integration (SecurePay360) and automated door code generation — unique code sent via SMS and email on every booking confirmation	£500
Total Package		£10,000

Two ways to get started. Both give you the full package — it's just about what works best for your cash flow.

OPTION A — PAY UPFRONT**ONE OFF**

Full package payment	£8,000
Monthly maintenance after	£200/month
You own everything outright	✓
Total saving vs monthly	£2,000+

OPTION B — MONTHLY PLAN**RECOMMENDED**

Setup fee (one off)	£1,000
Monthly payment	£500/month
Duration	30 months
After 30 months	£200/month
Includes maintenance throughout	✓

The £500/month breaks down as £300 towards the build and £200 monthly maintenance. After 30 months the build is fully paid off and you simply continue at £200/month.

These are completely optional extras on top of the core package. They're designed to help you get more from the system and grow faster.

ANALYTICS DASHBOARD

£1,000 one off

Advanced revenue tracking broken down by pod. Busiest times and days. Customer retention stats. Monthly growth trends. LTV per customer. Exportable reports. A complete picture of your business performance.

META ADS MANAGEMENT

£100 / month

Facebook and Instagram ads targeting Isle of Man residents. Drives app downloads and new bookings. Managed for the first 3 months to get the ball rolling.

Before we finalise anything I need to understand a few things about how the business currently operates.

What door access system do you use?
Brand and model if possible.

Does your door system connect to other
software or have an API?

What payment processor do you use?
(Believe it is SecurePay360 — please
confirm)

How much are you currently paying for
ClubSolution per month?

What is your average monthly revenue
right now?

Do you have busy and quiet seasons?
What are your best and worst months?

How many bookings do you average
per day?

Do you currently have personal trainers
using the facility?

What is your biggest frustration with the
current booking system?

Have you ever considered opening a
second location?
